28<sup>th</sup> February 2018

Dear Member,

The ESPD committee wish you all the very best for 2018! Enclosed our latest update.

Our next annual scientific meeting, **the 19<sup>th</sup> Annual Photodermatology Day**, will take place as usual on the first day of the next EADV Congress in Paris **Wednesday 12th September 2018, from 13.30 to 17.30 pm** with a very attractive programme focusing on DNA repair. The annual Photodermatology day always includes a short communications session, in which you are very much encouraged to take part. **We encourage all of you to prepare an abstract.** You will receive the programme of this meeting with all the details in our forthcoming Newsletter in April 2018.

The Newsletter of the Annual Scientific Meeting of the ESPD **named FLASH** is produced and distributed thanks to the Bioderma laboratory. **Flash number 5** about the last ESPD annual meeting (Geneva, September 2017) is in process.

The **World Photodermatology Day**, a joined meeting of the American, Asians, European and South American Society of Photodermatology, will be organized in **Milan, June 10<sup>th</sup> 2019** at the beginning of the World Congress of Dermatology (Milan, Italy, June 10<sup>th</sup> -15<sup>th</sup> 2019). Further details on the scientific programme will follow.

Our increasing society activities depend very heavily on your annual membership subscriptions which include the 6 issues of the journal, Photodermatology, Photoimmunology and Photomedicine, and reduced rate to the photodermatology courses. We therefore strongly encourage
